Thank you Eron, Would you/Mike have time to discuss this and a couple of other field-related items? Tomorrow between 7:30 and 8:30, 9:30 and 10, or after 2 would work for me. Thirty minutes might do it, but a 45 minute window would probably be better. If any of those times work please feel free to send an invite. I also have quite a big of flexibility on Monday.

Thank you,
Madi

Hi Madi,

Attached for your review is a field change request for collecting total and dissolved samples for groundwater that has elevated turbidity.

Please let me or Mike Pinto know if you have any questions or concerns about this request. Thanks!
